Hand-Held Readers

General Description

The Gryphon™ reader series has been developed by Datalogic to provide outstanding reading performance and excellent ergonomic design combined with unmatched durability.

The balance of top-of-the-range features and extreme versatility of the Gryphon™ makes it the ultimate solution for many applications in retail as well as in light industrial environments where low resolution and/or damaged codes need to be read without problems.

The optimized optics of the Gryphon™ series allow reading of the most popular standard codes with superior depths of field from near contact to over 43 cm (long range version). The “green spot”, (Datalogic patent application) produced by the Gryphon™ provides “good reading” feedback directly on the code, useful in under-lighted or noisy environments.

Gryphon™ connectivity is now further expanded thanks to the introduction of new multi-interface models (Wedge, USB, RS232 and Wand), the D130 and D230. Besides these models, the new Gryphon™ Long Range model D130 LR is also now available. This new model offers long range reading distances, up to 43 cm (13 mils resolution for EAN and 100% UPC codes). In addition, the Gryphon™ readers also read Reduced Space Symbology (RSS), an emerging symbology that can be printed on a smaller label which meets emerging market needs for a greater amount of data on a symbol.

The Gryphon™ M100 and M200 models supported by the DATALOGIC STAR™ cordless system, the most reliable radio in the market which allows operations anywhere mobility is required at the Desk/POS and around the shop floor, as well as in small warehouses.

Features

Gryphon™ Desk

- > Reads most common linear bar codes including RSS symbologies and PDF417
- > Multi-interface and specific models available (IBM46xx, ESD)
- > Fast reading speed: 270 scans/sec
- > Excellent reliability: less than 0.5% yearly failure rate
- > Reading range from 0 to 43 cm
- > Outstanding performance when reading damaged codes
- > Full range of accessories available
- > Compatible with all Datalogic cables

Gryphon™ Mobile

- > 433 MHz or 910 MHz Radio System
- > Multiple Scanner Support: up to 16 scanners simultaneously
- > Radio Range 30 meters
- > 100% compatible with STAR-System™
- > Sunrise 2005 compliant

Applications

- > Data capture in retail and office environments
- > Suitable for any residential environment or wherever instinctive reading distance is preferred
- > Small warehousing
- > Light industrial manufacturing

Accessories

Gryphon™ Stands

Gryphon™ Desk/Wall holders

Gryphon™ Protective case

OM - Gryphon™/C-Gryphon™

Stand

The stand makes it possible to use the reader in a hands-free mode.

Desk/Wall Holder

The Desk/Wall Holder adds ease of use and flexibility in many environments where work space is limited.

Protective case-belt coupler

The Protective Case allows the reader to be carried on a belt when not in use and protects it against drops.

OM Gryphon™ / C-Gryphon™

The ergonomically designed cradle functions both as a radio station and a recharge base. The C-Gryphon™ offers a low cost alternative in a single recharge base.
