## SIT-STAND FOR WELLNESS

## WORKFIT<sup>™</sup>

The WorkFit-SR positions a complete workstation—display(s), keyboard and worksurface—within the footprint of your desktop without protruding into your space. It clamps to the rear of most surfaces, converting any tabletop into a healthy sit-stand desk.

WorkFit-SR is a premium furniture solution, featuring refined aesthetics and superior material construction. When in the seated position, the thin worksurface always stays close to your desktop. The all-aluminum composition is extremely sturdy, allowing for easy, handle-free height adjustment.

# WORKFIT™

- Worksurface/keyboard tray stays on top and within the surface of the desk
- WorkFit-SR: 29.5" x 21.8" (75 x 55,4 cm) footprint accommodates 30–36" deep desks. Adjustable at setup in ½" (1,3 cm) increments. Large worksurface improves focal distance between monitors and keyboard tray
- Premium aesthetics: aluminum worksurface, bow and pivots, plus internal cable management
- Includes pre-installed USB cable for keyboard/mouse or other USB devices
- Offers 18" (45,7 cm) in-tandem height adjustment of the monitors and keyboard tray/worksurface as well as 5" (13 cm) of independent monitor lift
- Monitor can also be installed in tall-user position
- Just two tools needed for setup

WorkFit-SR design prevents the keyboard tray from intruding into your space
