

Introduction

The X6 is an all-in-one fingerprint access control device launched by AMC ZK Technology. Featuring a simple, ergonomic design, it combines elegance with practicality. Its soft lines and modern appearance make it both refined and visually appealing.

Designed to promote the widespread adoption of fingerprint identification technology, the X6 meets the essential needs of mainstream access control applications. It is equipped with the advanced AMC ZKFinger 10.0 fingerprint algorithm developed using entropy-based technology, enabling fast, accurate, and highly efficient fingerprint recognition.

With its reliable performance and user-friendly design, the X6 is an ideal solution for popular access control environments.

Feature

- Reliable, durable & highly accurate optical sensor
- Up to 500 Card Capacity
- Up to 500 Fingerprint Capacity
- Less than 1 second of user recognition
- Reads Fingerprint and/or Password and/or card
- Password Capacity up to 8 groups
- Integrated 125kHz RFID proximity reader
- Small Rugged elegant design
- Audio indications for acceptance and rejection of valid/invalid transactions
- 3rd Party Electric Lock, Door Sensor, Exit Button
- Standard ID Card while MF card as optional feature
- Less than 1.5s based on full enrollment 500 fingerprint
- Built-in buzzer
