Speed up to 25ppm

Automatic Duplex Scanning

IT'S IN THE DETAILS.

Clutter-free Workplace

Not only does the compact DS-1630 occupy little desk space, its built-in AC adapter ensures an orderly workplace at all times.

Convenient Scanning

Impressive scan speeds of up to 25ppm and a high ADF paper capacity of up to 50 pages minimise the need to manually replace documents.

Document Management Software

Easily scan, edit and manage documents for processing and integrate them into cloud services with Document Capture Pro.

Document scanning is simple and effective with the Workforce DS-1630. With fast speeds, fuss-free connectivity and a compact size, it is the workplace essential for easy digital storage.

Clutter-free Workplace

Not only does the compact DS-1630 occupy little desk space, its built-in AC adapter ensures you do not have to deal with messy cables. This allows you to enjoy an orderly workplace at all times.

Convenient Scanning

The DS-1630 reduces the need to manually replace documents with a high ADF capacity of up to 50 pages. Efficiency is achieved with scan speeds of up to 25ppm for simplex and 10ipm for duplex (3-pass automatic duplex). What's more, you can scan odd-sized documents easily.

Document Management

Document Capture Software*

Epson document scanners come bundled with document management software that allows you to easily manage your scanned files.

Easily scan, view, edit, save and transfer scanned documents. The software optically recognises barcodes, characters and blank pages in scanned documents to separate them into different folders. It allows you to create up to 30 customised job settings, making multiple scan jobs a breeze.

The software also provides quick access to post-scan destinations, including scan-to-print, email, Windows® Public Folder, FTP, Web Folder, and Scan-to-Cloud services such as Microsoft® SharePoint Server, Evernote®, Google® Drive™ and SugarSync®.

Ease of Use

A free stop hinge allows the lid to be easily opened and stopped at an angle between 15 to 70 degrees. This increases usability, even with one hand.

Epson Scan 2 Features

Text Enhancement

Improves text recognition when scanning text documents, whether in colour, greyscale or black-and-white. Removes background for better clarity, which is especially useful for double-sided printed documents.

Auto Area Segmentation

This function allows separate scanning of both image and text in a document. It also automatically detects and scans text in black-and-white mode and images in halftone, giving clear text quality while preserving image details.

Document Skew Correction

Automatically adjusts and straightens scanned images.

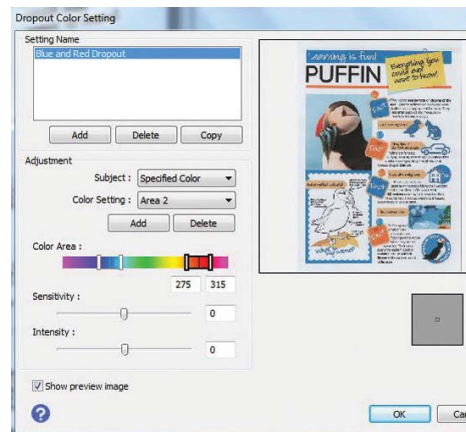

Misaligned document results in skewed scan

With Document Skew Correction, misaligned document is straightened when scanned

Colour Enhancement & Colour Dropout

Remove or enhance the visibility of ink signatures such as “Confidential” and “Urgent” stamps. Users can pick one of the preset colours (red, green, blue, pink, purple, yellow, orange, or all colours except black), or use the customised settings to dropout or enhance up to 5 colours of your choice with a single scan.

PDF Features for Added Convenience

The built-in OCR enables searchable PDF files. Secure your PDF files by setting a password to prevent unauthorised viewing, editing or printing.
