EXCEED YOUR VISION

**AUTO-PEELER[2]**

**QUALITY PRINTS**

## MAXIMISE EFFICIENCY, MINIMISE EFFORT, ACHIEVE PRODUCTIVITY.

## Labelling Solutions Made Convenient.

Redefine productivity with Epson's ColorWorks C6000 series colour label printers. Integrated with auto-cutter[1] or auto-peeler[2] capabilities, the hassles of manual cutting and removing of label backing papers are eliminated. The auto-cutting[1] function not only enables individualised print job cuts but also offers the flexibility of customising the set amount of pieces required. The auto-peeler[2] feature is ideal for on-demand print-and-apply colour label printing installations. Beyond efficient functionalities, these ColorWorks printers deliver quality prints with crisp images that are sure to impress any audience.

## IT'S IN THE DETAILS.

With PrecisionCore printhead technology, Epson ColorWorks C6050A/P and C6550A/P excels with speed and quality.

### Optimise Productivity
Auto-cutter[1] and peeler[2] deliver fast colour label printing to improve efficiency in the production line.

### Seamless Connectivity
High technology compatibility allows for seamless integration into existing host systems across multiple platforms.

### Astounding Print Quality
Variable droplet size of up to 1200 dpi resolution ensures incredibly crisp images.

[1] Applicable for C6050A and C6550A only.
[2] Applicable for C6050P and C6550P only.

When it comes to on-demand colour label printing solutions, enjoy greater productivity without compromising on print quality. The ColorWorks label printers possess functionalities that offer unyielding efficiency and convenience to printing performance that delivers extraordinary output.

## Enhanced Production Capability

Epson's C6050A and C6550A ColorWorks printers come with a to built-in auto-cutter that supports individual piece-by-piece cuts, or programmed set pieces of cuts by batch. This includes cutting that is based on the pre-fixed number of prints or cutting at the end of a print batch.

The C6050P and C6550P's peel-and-present model improves efficiency and convenience by eliminating the need for manual peeling. When integrated with a print-and-apply system through the use of label applicators, a more seamless workflow experience is enabled, enhancing productivity in the production line.

## Crisp Images

A higher dpi translates to a clearer, more detailed output. With a print resolution of up to 1200 dpi, variable droplet size and Spot Colour Matching* that assures greater colour accuracy, the C6050A/P and C6550A/P ColorWorks label printers series produce incredible print images.

Industrial label

Food and beverage label

Medication label

* Spot colour matching is subjected to the printer's ink spectrum capability.

## High Connectivity

Compatible with a wide range of technologies including multi-platform operating systems such as Windows, Mac and Linux along with application software including SAP and legacy systems using ZPL II commands, the set-up process becomes effortless and can be integrated into nearly any workflow seamlessly.

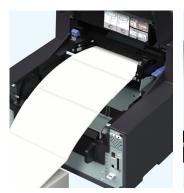

Connectivity

Usibility

Multi-platform

## World's First Peeler-equipped Inkjet Label Printer*

Making it possible to apply labels immediately after printing, the C6050P and C6550P can be used in any desktop printing operations. When integrated with a label applicator in the production floor, it offers unique print-and-apply system that can be used both online and offline.

## Easy Use and Maintenance

Intuitive designs including easy-load spindle, flexible paper cover and frontal ink cartridge loading allows for quick changes between label sizes, easy access when loading paper and effortless replacement of ink cartridges. Equipped with a 2.7" colour LCD, printer status can be checked and configured when required. Enjoy seamless installation in a variety of environments with the ColorWorks' space-saving design.

## Durable, Exceptional Quality Inks

The ColorWorks C6000 series incorporates UltraChrome DL pigment inks that comply with BS 5609 certification for GHS compliant labelling. These inks possess high pigment density, resin coating for more stability, and an even surface and gloss, making it perfect for professional display and sales.

Epson pigment ink

Epson pigment ink is not water soluble and firmly binds to media fibers, resisting water and other moisture.

Dye-based ink

Conventional dye-based ink is water soluble so printouts can be negatively affected by water and other moisture.

## PrecisionCore TFP Printhead

With its stunning ability to scale while delivering unbeatable speed and precision, the printhead's perfectly round nozzles dispense precise ink droplets, which guarantee consistent superior image quality.
