GS R1120 Laser Short Range

If you are looking for the best-in-class 1D scanner, fortunately, you have found it. GS R1120 is sturdily constructed with state-of-the-art 1D scanning performance and scanning range. Users can scan barcodes at the near contact and as far out as 15ft/4.5m (widest working range in this class).

| Scanner Model	GS R1120
Dimensions	74.8mm(L)×34.7mm(W)×25.3mm(D) 2.95in.(L)×1.37in.(W)×1.0in.(D)
Weight	48g /1.69oz
Sensor Technology	Laser
Decode Range	Short Range
Support Engine	Zebra EM1350
Battery Capacity	400mAh&600mAh
Working Hour	10.5-15h

GS R1521 Imager Short Range

GS R1521 is your best choice for a small, light-weight hands-free 2D wearable ring scanner which cost-effectively boosts productivity.

GS R1522 Imager Short Range

A compact, reliable, wearable scanner which supports reading poorly-printed and on-screen barcodes and can undertake highly intensive scanning workload.

Scanner Model	GS R1521	GS R1522
Dimensions	66.4mm(L)×34.7mm(W)×25.3mm(D) 2.62in.(L)×1.37in.(W)×1.0in.(D)	
Weight	44g /1.55oz	43g /1.52oz
Sensor Technology	Imager	
Decode Range	Short Range	
Support Engine	K6000	Honeywell N4680
Battery Capacity	400mAh&600mAh	
Working Hour	10-14.5h	8-12h

GS R3520 Imager Middle-Short Range

GS R3520, a 2D wearable scanner provides a great user experience with enterprise-class durability, which enables high performance scanning on printed and mobile barcodes with intuitive illumination field and LED aimer.

GS R3521 Imager Middle-Short Range

GS R3521 is a trustworthy 2D wearable scanner with proven scanning performance due to high quality optical components, which perfectly balance scanning functionally and overall size.

Scanner Model	GS R3520	GS R3521
Dimensions	64.8mm(L)×34.5mm(W)×24.7mm(D) 2.56in.(L)×1.36in.(W)×0.97in.(D)	
Weight	43g /1.52oz	
Sensor Technology	Imager	
Decode Range	Middle-Short Range	
Support Engine	Zebra SE2707	Zebra SE4107
Battery Capacity	400mAh&600mAh	
Working Hour	9.6-14.3h	7.5-10.6h

GS R5520 Imager Middle-Long Range

This brings FASTER-THAN-EVER barcode capture, which captures virtually any 1D or 2D barcode in milliseconds from near contact to farther than 24in./60 cm away. It has a wide field of view that allows easy close-up reading of large barcodes as well as multiple barcodes.

GS R5521 Imager Middle-Long Range

Allow workers to quickly capture barcodes whether the scanner or the barcode is in motion. It has extraordinary working range, which can capture barcodes farther than 24in./60cm away. It also can capture photos for proof of delivery and damage claims, as well as documents.

GS R5522 Imager Middle-Long Range

This provides unparalleled performance on any data imaginable-from 1D and 2D barcodes to photos and fully searchable and editable legal, letter, A4 and A5 documents. The working range is expanded to further than 20feet/6m.

GS R5523 Imager Middle-Long Range

This provides higher performance and reliability and enables increased barcode scanning speeds to meet higher-volume application requirements. It can read moving barcodes, enabling increased scanning speed and productivity.

☑ Swappable Battery ☑ NFC
☑ Swappable Trigger ☑ TYPE-C

The most compact, most rugged design with enterprise-class durability.

Scanner Model	GS R5520	GS R5521	GS R5522	GS R5523
Dimensions	70mm(L)×36.4mm(W)×28.4mm(D) 2.76in.(L)×1.44in.(W)×1.12in)(D)			
Weight	65.68g/2.32oz			
Sensor Technology	Imager			
Decode Range	Middle-Long Range			
Support Engine	Zebra SE4710	Zebra SE4750MR	Zebra SE4770	Honeywell N6703
Battery Capacity	600mAh			
Working Hour	9.5h	9h	9h	12.5h

RUGLOVE

Make seamless workflows possible

- ☑ Applicable to every GS Ring Scanner
- ☑ Operation with both hands
- ☑ Provides lightweight, ergonomic comfort and operational convenience

- ☑ Long trigger lifecycle
- ☑ Durable material resists wear
- ☑ Workers can share scanners with this dexterous glove

THUMBUTTON

More solid and durable

- ☑ Applicable to every GS Ring Scanner
- ☑ Larger trigger button for hand held scanning
- ☑ Allow workers to wear around the neck or on the hip
- ☑ Adjustable cord being upgraded to metal wire

Battery Charger Applicable to every battery of GS Ring Scanner

Items	Parameters
Size	116mm × 46.54mm × 23mm 4.57in. × 1.83in.× 0.91in.
Weight	53g / 1.87oz
Charging time	400mAh 80 minutes 600mAh 100 minutes
Power indicator	Red LED on means power on
Charging indicator	Green LED on means charging, off means full, blinking means no battery
Interface	TYPE-C
