GRYPHON™ I GM4400 2D

DATALOGIC

IMAGING TECHNOLOGY

With rich feature sets, the Gryphon™ series from Datalogic ADC represents the premium level of data collection equipment for general purpose applications. The Gryphon™ GM4400 2D scanner blends the most advanced reading technology and the best suitable radio technology with a unique set of features to allow operators maximum efficiency and ease of use.

CORDLESS COMMUNICATIONS

Featuring narrow band radio communications with Datalogic's STAR Cordless System, the Gryphon GM4400 reader provides increased productivity and flexibility in the workplace. The GM4400 reader series offers scalable solutions from simple point-to-point applications to point-to-multipoint installations with up to 16 readers connected to the same base station. The GM4400 readers 'Batch Mode' capability allows thousands of codes to be stored in its' memory. This feature, combined with a long-lasting 60,000 scans-percharge Lithium-Ion battery allows uninterrupted scanning with unlimited mobility.

MODERN FEATURES

Lightweight and comfortable to use, the steady, dim, deep red illumination light is much easier on the eyes than other similar products with flicker illumination. The highly visible 4-Dot aimer clearly defines the reading zone and the center cross provides a locator for targeting when scanning a sheet or product with multiple bar codes.

The Gryphon GM4400 2D reader is designed with Datalogic's Motionix™ motion-sensing technology, which enables the scanner to intuitively switch into handheld mode, activating the illumination and aiming systems when the device is picked up.

FEATURES

- Datalogic STAR Cordless System[™] with up to 30 m / 98 ft range
- Radio frequencies available in 433 MHz or 910 MHz
- Point-to-point and multi-point transmission
- Omnidirectional reading
- Advanced motion tolerance optics: 60 frames per second
- Reads 1D, 2D and postal codes plus stacked and composite codes like PDF417 and GS1 DataBar[™]
- Datalogic's Motionix[™] motion-sensing technology for seamless reading mode transitions
- Datalogic's patented 'Green Spot' for good-read feedback plus the 4-dot Aimer
- Two-position cradle with Scan-While-Charging capability
- Batch Mode capability: +1200 codes stored in memory
- User-replaceable, long lasting Lithium-Ion battery with up to 60,000 scans per charge
- Drop resistance to 1.8 m / 5.9 ft
- Optional Counterfeit Detection
- USB Certified Kits Available
- EASEOFCARE Service Plans offer a wide range of service options to protect your investment, ensuring maximum productivity and ROI

INDUSTRY-APPLICATIONS

- Retail: Point of Sale; Age Verification; Reading of 2D Codes, Electronic Coupons or Mobile Phones, Warehouse
- Light Manufacturing
- Access Control, Transportation and Entertainment
- Commercial Services: Postal,
 Banks, Public Administration,
 Utilities, Document Handling
