

**PORTABILITY THAT PRINTS.  
SHARE SPECIAL MOMENTS  
ON THE GO.**

With Epson PictureMate PM-520, you can now capture special moments on the go, connect wirelessly to the printer, print and share them instantly. Prints are borderless and up to 5 x 7" in size and with Epson Micro Piezo™ technology, they are both high-quality and long-lasting. The 2.7" LCD screen also makes picture selection and adjustment a breeze no matter where you go.

Borderless Photo Printing

Print 5760dpi

2.7" LCD Screen

Wi-Fi Direct

Epson Connect

Optional Battery

**IT'S IN THE DETAILS.**

**Brilliant Prints Every Time**

Epson Micro Piezo printhead delivers sharp, borderless prints of up to 5 x 7" quickly and effortlessly.

**Wireless Connectivity**

Wi-Fi and Wi-Fi Direct allow for wireless printing wherever you go. PM-520 supports Epson Connect features too.

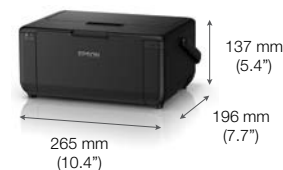

**Convenience in Every Way**

Manage photos easily with a 2.7" LCD screen. PM-520 supports SD card, USB Flash Drives and PictBridge connectivity.

<b>Options</b>	<b>Order Code</b>	
PictureMate Battery	C12C932941	

**Dimensions & Weight**

**Weight:** 2.3 kg (5.1 lb)

<sup>\*1</sup> Photo print speed is calculated when printed on 10 x 15 cm Epson Premium Glossy Photo Paper with the default print settings. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on the host computer. The thumbnail image below shows the print pattern that was used to determine the print speed.

<sup>\*2</sup> When printed on Epson Premium Glossy Photo Paper.  
<sup>\*3</sup> Otherwise 3mm top, left, right, bottom. 10mm each side for A5.

<sup>\*4</sup> Default mode in accordance with ISO7779.

<sup>\*5</sup> In accordance with ISO/IEC 29102. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both black and colour printing.
