RG-TSA128

Tripod Turnstile

RANGER
AUTOMATION • REVOLUTION

Space efficient turnstile security barriers, with compact design, yet offer sufficient space to integrate any access control system.

Can be mounted with display, passage counter, card reader, token operation traffic lights, command console and alarm system against unauthorized entries.

Guarantees many years of the turnstile trouble-free operation even in unfavourable environments.

Pure mechanical Full/Semi-auto mode

Retail crow control

Cable or remote Override for emergency.

Automatic drop down arm when power off or emergency.

Technical Data

Unit Model	RG-TSA128
Dimension	480*280*960mm
Unlock Time	0.2s
Passage Width	≤550mm
Throughput Rate	35p/m
Power Supply	100~240V
Max Power Consump	30W
Frequency	50~60hz
Protection Level	IP45
Working Temperature	-25~75°C
Electro-magnetic Drive	DC
Net Weight	35KG
Input	12V Dry contact
