

SAFEASY™ ACCESSORIES

The accessory range for the **SAFEasy™** SE and SF2 safety light curtain series includes a complete offer of complementary parts for the installation and use of safety devices in plants and machinery. The deviating mirrors of the **SE-DM** series, useful to protect different sides of a machine, are available in different heights ranging from 150 mm to 1800 mm. The column and floor stands of safety light curtains and deviating mirrors of the **SE-S** series are available with heights ranging from 800 mm to 1800 mm. The protective stands of the **SE-P** series, ideal to guarantee device protection against shocks, also available in different heights ranging from 273 mm to 1743 mm. The laser pointer of the **SE-LP** series represents a valid support for the alignment and installation of the SE safety light curtain series, in particular for applications with long operating distances and / or using deviating mirrors. The **SE-SR2** safety relay guarantees the correct connection of the **SAFEasy™** safety light curtain series to machine stopping circuits. The series also includes Muting accessories: Muting signalling lamps of the **LMS** series and **SE-SRT** Muting connection box. The shielded cables of the **CV** series are available both in the standard axial version as well as in the 90° version; the latter particularly useful in applications that have reduced space. The fixing brackets, orientable, anti-vibration and anti-scratch supports of the **ST-K** series and the **TP** test pieces complete the offer.

HIGHLIGHTS

- Complete range of accessories for **SAFEasy™** safety light curtains
- Deviating mirrors, fixing brackets and supports, protective stands
- Muting accessories: signalling lamps and Muting connection box
- Type 4 safety relays

**APPLICATIONS**

Safety accessories series are suitable for all the application where Datalogic Automation safety light curtains are used to protect dangerous part of automatic machine.

DEVIATING MIRRORS - SE-DM SERIES

The column and floor stands of the **SE-S** series, as well as being suitable for the **SAFEasy™** - SE safety light curtain series, can be used also with the SF2 safety light curtain series and deviating mirrors of the SE-DM series.

VERSION	L (mm)
SE-S 800	800
SE-S 1000	1000
SE-S 1200	1200
SE-S 1500	1500
SE-S 1800	1800

mm

* 30 x 30 mm profile dimensions for 800, 1000 and 1200 mm
45 x 45 mm profile dimensions for 1500 and 1800 mm

SAFETY RELAYS - SE-SR2 SERIES

The drawings show the connection between SAFEasy™ safety light curtains and the type 4 safety relay of the SE-SR2 series operating in Automatic Start (left side) and Manual Start with monitoring (right side).

TEST PIECES - TP SERIES

The test pieces of the TP series allow to verify if the resolution of the SAFEasy™ safety light curtains is guaranteed inside the entire detection field. Models with Ø 14, 20, 30, 35, 40, 50 and 90 mm are available.

FIXING BRACKETS - ST-K SERIES

The **ST-KSTD** model represents the spare part kit composed of 4 standard fixing brackets for SE safety light curtains.

The **ST-K*OR** supports allow the orientation of the SE safety light curtains of $\pm 5^\circ$.

The **ST-K*AV** supports allow the absorption of the vibrations caused by the machinery where the SE safety light curtains are installed.

The **ST-KSF2STD** model represents the spare part kit composed of 12 standard fixing brackets for SF2 safety light curtains.

The **ST-KSF2** model represents the anti-scratch brackets (kit composed of 4 brackets) for SF2 safety light curtains.

The **ST-KP*MP** model represents the plastic fixing brackets for the SE safety light curtains.

SE series: standard fixing bracket.

SE series: plastic fixing bracket.

SF2 series: standard fixing bracket.

SE series: application with standard fixing bracket.

SE series: application with standard fixing bracket and ST-K*AV anti-vibration support.

SE series: application with standard fixing bracket and ST-K*OR orientable support.

SE series: application with standard fixing bracket, ST-K*AV anti-vibration support and ST-K*OR orientable support.

SF2 series: application with standard fixing bracket. The standard fixing bracket is compatible with the SE standard bracket, ST-K*AV anti-vibration support.

SF2 series: application with ST-KSF2 anti-scratch bracket.
