

Get More Value Out of Your Value Printer

Here's how Zebra's ZD220 gets the work done

Straightforward Set-Up

Just open the box, plug it in, and go for a top-shelf out-of-box experience

Replace With Ease

Fully backward compatible to swap out older printers in a flash

Takes the Load Off Media Changes

Save time with our easy media loading OpenACCESS™ design and a singular button for feed/pause

OpenACCESS: Tucks the printhead into the top cover for easy access

Built to Withstand

Decrease your downtime with durable, dual-wall construction and an all-metal printhead

Connects Anywhere

Enjoy wireless connection anywhere in your network without a dedicated computer

Maximizes Efficiency

Keep your work flowing with the only value printer backed by Zebra service and support. Want even more? Optimize your investment by pairing it with Zebra certified labels and supplies.

Saves on Energy

Say goodbye to high energy bills thanks to an Energy Star™ qualified design

Stores More

Have more fonts and graphics on hand with 256 MB flash and 128 MB SDRAM storage

**Pleasingly Affordable.
Reliably Durable. Definitely Zebra.**
