

OBSOLESCENCE NOTICE

QUICKSCAN™ 2400 MODELS

Now that the launch of the QuickScan 2500 Series has been completed with the addition of the cordless QM2500 model, Datalogic is now announcing the obsolescence of the QuickScan QD2400, QBT2400 and QM2400 product lines, thus accelerating plans for the introduction of the QuickScan corded QD2500/QW2500 and the new cordless QBT2500/QM2500.

Effective immediately, all models of the QuickScan QD2400, QBT2400 and QM2400 are in End of Life, including special versions. Orders for these products will be accepted only until the current stock is depleted and no later than August 31, 2023. We will continue to ship from all Datalogic fulfillment centers until October 31, 2023. Service will be provided for additional five years, ending on August 31, 2028.

PRODUCT REPLACEMENT RECOMMENDATION

Datalogic recommends the **QuickScan QD2500** as the direct replacement for the QuickScan QD2400 models, and the **QuickScan QM/QBT2500** as the direct replacement for the QuickScan QM/QBT2400 models.

The new QuickScan series features the core essential functions for the simplest applications, at the most convenient price point, without compromising quality and the state-of-the-art performance.

FOR MORE INFORMATION

Please read the Obsolescence Notice for additional details or contact your Datalogic Sales Representative, System Consultant or Datalogic's Customer Service.
