A miniature form factor scanner with full-size scanning capability. Small enough to hold in the palm of your hand.

Program Summary

Target Deployment Environments

- Retail In-Store
- Access Control & Hospitality
- Field Sales & Service

Key Product Differentiators

Pocketable Size: Miniature size fits comfortably in a palm of your hand.

Mobile Ready: Seamlessly integrates with mobile devices, including smartphones, tablets and notebooks.

Bluetooth® Wireless Technology: Facilitates scanning of all standard 1D, PDF, and 2D bar codes from 10 meters (33 feet) or more away from the base, depending on the user's environment.

Flexible Licensing Solution : Meets diverse scanning requirements by offering models with basic Functionality-Purchase software licenses to enable additional functionality as the need arises.

Loss & Misplacement Pager: Prevents the scanner from being lost within its Bluetooth wireless range.

Launch Timing

- 1602g Public Launch: Nov '15
