

How to remove a Lighter profile Password

Follow this procedure if at every access to Lighter the following pop-up is shown and the user has forgotten the password:

Please enter passwo	rd X				
Please enter password to confirm operation:					
Password:					
 Do not remember Remember for Remember until progr 	minutes ram is closed				
OK Cancel					

This pop-up window can be shown when the user is opening Lighter, or when the user is opening a specific functionality of Lighter which is protected by a password.

Please take into account that **this procedure will remove every password** that has been set in Lighter.

1. <u>Quit Lighter - Laser Engine</u>: open the Laser Engine Icon from the Windows Notification Area by right-clicking on it. Then press 'Quit', as shown here:

2. <u>Search for the *LaserEngine.exe*</u>: find the filepath. In the case of the picture below, the filepath is "C:\Program Files\Lighter\6.2\", as highlighted.

3. Open the Command Prompt Window from the 'Start' menu.

📾 Administrator: Command Prompt	
Microsoft Windows [Version 6.1.7601] Copyright <c> 2010 Microsoft Corporation. All rights reserved.</c>	
C:\Users\DLA>	
	-

Insert the the commands: once you typed a line of commands, press 'Enter' to have your command executed. These are the simple MS DOS commands (*cd..,cd*):

📾 Administrator: Command Prompt	
Microsoft Windows [Version 6.1.7601] Copyright (c) 2010 Microsoft Corporation. All rights reserved.	Minimize
C:\Users\DLA>cd	
C:\Users>cd	
C:\>cd Program Files	
C:\Program Files>cd Lighter	
C:\Program Files\Lighter>cd 6.2	
C:\Program Files\Lighter\6.2>LaserEngine.exereset-user-db	
C:\Program Files\Lighter\6.2>	
	_

5. Once the user has executed even the last command ('LaserEngine.exe --resetuser-db'), he can close the Command Prompt and access Lighter without the need of a password.
